

PART 2 YEAR 10-13

What's it all about?

You know how it is... students don't always know what they want, and even when they do they still find themselves still not achieving it. So, their intentions are good but their actions don't support them. 'The Big Picture Part 2' helps to not become an obstacle to their progress. This event is even more popular than 'The Big Picture Part 1' and is currently our most requested event.

The Big Picture is the No.1 Company in the UK **that gets students motivated** to take action in their lives and at School. This two-hour event is the same format as all the others, we ask all the really important questions in life. They then get to do all the work!!

In life - you can make excuses or be successful, BUT you can't do both !!

What you want your students to achieve...

- Get **better exam results**
- Overcome their biggest obstacle - **Themselves !!**
- **Know what success feels like** and want it more
- Be **brave enough to take risks**, make mistakes and learn from them
- **Change their own habits** and not have YOU constantly telling them
- Recognise that they can't get everything NOW but that they **need to act NOW**
- **Build their own identity** to take the risk of being 'different'... and stop following their friends!
- Know **instinctively when things are going wrong** without having to be told
- Be able to **spot new opportunities** and have the confidence to know what to do
- Recognise that **doing NOTHING will achieve NOTHING !!** ...although they 'know' it, they still don't 'get it' – this will change all of that!!
- Take total **responsibility for their behaviour** and not constantly make excuses
- Get a new '**Big Picture**' of how their life might be if they truly do their best
- Be crystal clear about **what they have to do as soon as they leave the event**

The ending of the event is tied in with them completing their own 'My Big Picture' goal card (which we send to them one month later) - It's not teachers telling them, it's them telling themselves, the most powerful reminder ever !

We know schools want some kind of longevity and see a real behaviour 'shift' in their students: not just a good 'couple of hours'!!

An impressive presentation. Kept 210 students engaged and interested for 2 hours. A big message delivered in a different style, quietly but with impact!

Steve Cartner - The Friary School, Staffs

Even the TES like us !!

Outstanding! Students and staff loved the session. Students talked about during afternoon – lots of good work to build on. Many thanks.

Andy Pryde, Henbury School, Bristol

PART 2
YEAR 10-13
...CONTINUED

The Big Picture
Maximising Student Potential

What actually happens and why you'll like it...

'The Big Picture Part 2' is a really easy to follow event. The atmosphere builds faster as students now know what to expect after having seen 'The Big Picture Part 1'. Keith tells more stories, uses anecdotes, builds a really friendly atmosphere, asks powerful questions (that he doesn't answer!) and even creates dialogue with 100's of students in the room!! Keith's favourite event!!

It's all wrapped up with loads of activity, on-stage performance, music, video ending up with them completing their 'Big Picture' - It's a truly MEGA event.

- Want to see us in action? - check out our website, facebook or YouTube pages
- Want to hear from real teachers in schools in your area who have seen what we do? - Just give us a call or email us

What you'll get...

- A **phone call** with Keith before to hear more about your students
- A brilliant '**life-changing**' event for your students

At the event...

- Full colour **workbook** for each student
- **Prizes**, T-shirts, badges, stickers and posters for each session
- **Goal cards** sent to each student one month later

Afterwards...

Teachers love the year round follow-up we give you after the event which is... 100% FREE to YOU (worth £375 !!!)

- **25 x FREE full length PSHE Lesson Plans** to deliver in the classroom afterwards
- **3 x Plug'N'Play follow-up lessons** on DVD for your classes
- **3 x School Assemblies on DVD** - the script, powerpoint and video of how to do it.... that's everything!
- **4 x 'cool' posters** to remind students of the key messages
- Follow up **telephone call** two months later and weekly newsletter

Keith was inspirational, the year group were captivated for the whole 2 hours and even the problematic youngsters were actively engaged. Many have already said they have changed their views on what comes next

Alan Dyer, Westbourne Sports College, Ipswich

Keith's interaction with the pupils is very good. Remembering so many names and finding out about them really made it work.

Martin Bray - Bradon Forest School, Wiltshire

Keith Warren, award winning trainer and speaker has delivered training to over 165,000 students and teachers over the last four years across the UK and Europe.

He is frequently asked to speak to associations of Governors and Teachers specifically talking about motivation in students and teachers. He is an expert in delivering inspirational, practical material that changes lives. As a consequence, his company, 'The Big Picture' is the fastest growing schools training company in the UK and has a huge following of students on facebook.

Keith says "I found out what my 'Big Picture' was only five years ago and my job now is to help young people do exactly the same. This is not a business nor a job, this is my hobby and my life. All I want to do is make the biggest possible difference to as many students world-wide. That's it".

Keith has three children and lives in Newark, Nottinghamshire.

You want a BIG impact and great VALUE...

The average price most schools end up paying is a very affordable £4.65+VAT /student (dependent on numbers)

What you need to do next...

1. **Decide which year groups need help**
2. **Select a date/s for your school**
3. **Email us for availability/price**
