

What's it all about?

You know how it is... Sixth Formers know they should study but that doesn't mean they do... they turn up at school but that doesn't mean that they 'try' as hard as they could!!

The Big Picture is the No.1 Company in the UK **that gets students motivated** to take action in their lives and at School.

We get students excited by 'The Bigger Picture' in their life if they take themselves more seriously. They get to find out what the biggest obstacle is in their life and how to remove it - you'll like it ! This two-hour event is a combination of stories, games, having a lot of fun and asking the really important questions in life. Teachers are always worried about their students being in 'one place' for two-hours... Don't be!!

"It's not what happens to you in life - it's how you respond !"

What you want your students to achieve...

- Overcome their biggest obstacle - **Themselves !!**
- Get **better exam results**
- Be brave enough to **make mistakes** and learn from them
- Understand that **asking better questions** will get better answers !
- **Take responsibility** for their behaviour as they reach adulthood
- Have a **confidence on the 'inside'**, not just on the outside
- Opening-up and recognising what they to change in their life so that they **coach themselves**
- Have a **massive sense of urgency** and be prepared to knuckle down NOW
- Have fun and **enjoy the learning experience**
- **Engage** with life as well as school
- Get a '**Bigger Picture**' of how their life might be if they truly do their best
- Be crystal clear about **what they have to do as soon as they leave the event**

The ending of the event is tied in with them completing their own 'My Bigger Picture' goal card (which we send to them one month later) - It's not teachers telling them, it's them telling themselves, the most powerful reminder ever !

We know schools want some kind of longevity and real impact for the students: not just a good 'couple of hours'!!

Students were challenged, inspired, motivated and engaged. We will be booking Keith again !
Mike Keveith, Looe Community School, Cornwall

What can I say, you captured the students attention from the start. I've never seen anything like it...
Fantastic, brilliant !! Just what we wanted...

Bev Green, John Of Gaunt School, Trowbridge

Even the TES like us !!

...CONTINUED

What actually happens and why you'll like it...

'The Bigger Picture' is a specifically structured event for sixth form students and is really easy to follow. Keith tells stories, uses anecdotes, builds a really positive atmosphere, asks powerful questions (that he doesn't answer !) and even creates dialogue with 100's of students in the room - sixth formers like to 'talk' !! Keith plays games with students to provoke thought and learning and uses the workbooks and affirmations to reinforce this. It's all wrapped up with loads of activity, on-stage performance, music, video and a bundle of energy ending up with them completing their 'Big Picture' - It's a truly MEGA event.

- Want to see us in action? - check out our website, facebook or YouTube pages
- Want to hear from real teachers in schools in your area who have seen what we do? - Just give us a call or email us

What you'll get...

- A **phone call** with Keith before to hear more about your students
- A brilliant '**life-changing**' event for your students

At the event...

- Full colour **workbook** for each student
- **Prizes**, T-shirts, badges, stickers and posters for each session
- **Goal cards** sent to each student one month later

Afterwards...

Teachers love the year round follow-up we give you after the event which is... 100% FREE to YOU (worth £375 !!!)

- **25 x FREE full length PSHE Lesson Plans** to deliver in the classroom afterwards
- **3 x Plug'N'Play follow-up lessons** on DVD for your classes
- **3 x School Assemblies on DVD** - the script, powerpoint and video of how to do it.... that's everything !
- **4 x 'cool' posters** to remind students of the key messages
- Follow up **telephone call** two months later and weekly **newsletter**

Totally engaging and very very motivating... ! Loved it

Elaine Ford, Exmouth Community College

Pupils really engaged and actually thinking clearly about the future and how to get there...

Tom Norris, Hull Collegiate

Keith Warren, award winning trainer and speaker has delivered training to over 165,000 students and teachers over the last four years across the UK and Europe.

He is frequently asked to speak to associations of Governors and Teachers specifically talking about motivation in students and teachers. He is an expert in delivering inspirational, practical material that changes lives. As a consequence, his company, 'The Big Picture' is the fastest growing schools training company in the UK and has a huge following of students on facebook.

Keith says "I found out what my 'Big Picture' was only five years ago and my job now is to help young people do exactly the same. This is not a business nor a job, this is my hobby and my life. All I want to do is make the biggest possible difference to as many students world-wide. That's it".

Keith has three children and lives in Newark, Nottinghamshire.

You want a BIG impact and great VALUE...

The average price most schools end up paying is a very affordable £4.65+VAT /student (dependent on numbers)

What you need to do next...

1. Decide which year groups need help
2. Select a date/s for your school
3. Email us for availability/price sonya@thebiggerpicture.eu.com or call Sonya - **01636 646877**
